

Living Streams Community Nursery

State Highway 75

Little River

14-05-2018

Hallo friends,

We are in the middle of planting time, and conditions are ideal.

The soil is moist, the weather benign. Make the most of it and get your plants into the ground so they can still make some roots, and before frosts descend upon us .

Recently 550 plants were dug in at Pa road, most protected by combi guards. If you wish to be part of our restoration team please let us know.

Our prices are now as follows:

PB 6 ½ and 8 = \$8 to \$10.00 (depending on size of plant.)

PB 5 = \$5.00

PB 3 and 2 = \$4.00

Medium (includes milk cartons:)= \$3.00

Small = \$2.00

We are in the process of putting up a board with a colour code for the different sizes.

There is a 10% discount for orders over \$200.00

We have a lot of specials at present. Specials are priced down to the next container size. You will also see a red tag on the plant container.

In the specials you'll find carex, chionochoa, and sedges. We have an abundance of Chionochoa conspicua, a beautiful tall grass with striking seed heads.

Among the trees the ribbonwoods are now going for half price.(\$2.00)

Cordyline indivisa, the mountain cabbage tree (Toi), is very handsome

with broad leaves. Habitat is mid to high-altitude, in forest type settings.

Among the hardy specimens are coprosma's, pittosporums, cabbage trees and more.

Come and see us on Wednesdays or Saturdays. Payment can be online, by cheque or cash.

Happy planting!
